

EVALUATION AND THE 2030 AGENDA

FREE E-LEARNING COURSE

2-13 SEPTEMBER 2019

The course explores the strategies, critical methods and approaches, and examples of Monitoring and Evaluation (M&E) systems that mainstream the 2030 Agenda in Country Systems. It promotes the need to use of evaluation to contribute to critical national priorities and discusses the practical aspects of evaluation capacity development, commissioning of evaluations and communicating evaluation results for decision-making.
